cost of paper has risen from 8 annas to 12½ annas per lb and is likely to rise higher; and proposes, therefore, that the entire quantity should be purchased and kept in Stock. He proposes that either payment may be made to the Shop, which supplies paper, on presentation of a bill therefor, or that arrangements may be made for the supply of the required quantity from the Govt. 15 For the purpose of making an advance of Rs 100/- to the Printing Press and of Rs 200 for examining the manuscript, he wants Rs 300/- now.

16 As regards supplying bound copies, he says that he has not bound himself to supply bound copies. The first petition of the vidwan on the subject is in the Mysore Inspector's office.

So, the points for orders are:-

1) Either to have the paper supplied from the Govt. Stationery or to arrange for payment to the shop which supplies paper.

BD 14-6-20 27 Mahandit asks for an advance of Rs 300 exclusive of the price of paper req^d for the work. He suggests that the paper req^d might be given on his requisition from the Stationery, or an advance given him for enabling him to stock paper.

28. Mahandit is true and says that in order to enable him to begin the work, he has to stock the req^d quantity of paper which is estimated by him to amount to about 140 reams. & so requests that an advance of Rs 1,200 may be given him & after seeing the work done, further advances of Rs 200 may be given at a time.

29 The difficulty of getting paper is one that has to be solved at once. If his suggestion that the req^d quantity of paper be given from the Stationery Dept^t is not considered feasible, the only alternative seems to be to give him an advance of Rs 1200 now for

Dear Sir,

We respectfully beg to state that we learn that the Mysore Government is anxious to have the publication of 'Pādma Samhita' in Telugu under your benign patronage. We have been consulted by a friend of our Proprietor, the Editor-elect of the work, regarding this matter and he showed us the Mysore G.O. No.3713-5. Muz - 97-19-4 and we have given our assent to taking up the publication.

With the resources and experience for publication of works we now have, by the publication and large circulation of the work of our Editor "Indian Architecture", we are in a position to do any work, large or small, of this or any other description. In spite of the fact that the undertaking of such publication is very difficult in these days of high prices, we shall be glad to take this up to receive the State patronage and we shall abide by any condition that may have been fixed hitherto or that may be fixed hereafter with the present Editor-elect of 'Pādma Samhita'

We await for a kind reply and esteemed patronage.
